

WISCONSIN HEALTH SCIENCE LIBRARY ASSOCIATION NEWSLETTER

MAY, 1982

NO. 138

COMING EVENTS

- May 20-21 WHSLA Annual Meeting. Concourse Hotel. Madison. "You and Your Administrator: May the Force be with you."
- May 20 6:30 p.m. WHSLA Board Meeting. Madison.
- May 21 7:00 a.m. Council for the Wisconsin Health Sciences Libraries Network Meeting. Madison.
- June 4 Southeastern Wisconsin HSL Consortium. DePaul Rehabilitation Center, Milwaukee.
- June 12-17 MLA Annual Meeting. Anaheim, CA
- October 7-9 Midwest Chapter/MLA. Pfister Hotel. Milwaukee.

WHSLA ELECTION RESULTS

135 ballots were mailed out based on the membership list provided by the Secretary. 97 were returned by the April 15 deadline (none were returned after that date). As of the April newsletter there were 104 WHSLA members, so it appears that only 7 members did not vote.

Each member of the Election Committee, Fran McManimon, St. Joseph's Hospital, Milwaukee; Milly Mursec, Marquette Science Library, Milwaukee; and Mary Blackwelder, MCW, Milwaukee counted the returns to assure accuracy.

Margaret Allen, St. Joseph's Hospital, Marshfield is our new President-Elect. Congratulations, Margaret.

- Mary Blackwelder
Chair, WHSLA Election Committee

Each area has chosen or elected a representative to the WHSLA Board for 1982-83. They are: Eileen Emberson, Luther Hospital, Eau Claire for West Central area; Diana Slater, Middleton Health Sciences Library, Madison, South Central; William Nielsen, VA Medical Center, Tomah, Western; Sharon Hoepfer, Mercy Medical Center, Oshkosh, Fox River Valley; Harvada Oitzinger, Elmbrook Memorial Hospital, Brookfield, Southeastern; and Peg Allen, St. Joseph's Hospital School of Nursing, Marshfield, Northern.

- Deb Nordgren
WHSLA President

MC/MLA MEETING - OCTOBER 7-9

October 7-9, 1982

NETWORKING/COOPERATION - Making Networking work for you. The annual meeting of the Midwest Chapter, Medical Library Association, will be held at the Pfister

Hotel and Tower, Milwaukee, Wisconsin. Registration materials will be mailed in July. For further information, contact: Linda Oddan, Chairperson, Registration Committee, Todd Wehr Library, Medical College of Wisconsin, 8701 Watertown Plank Road, Milwaukee, WI 53226, (414) 257-8323.

MEDLINE CENTERS QUESTIONNAIRE

Hospitals within the state are adding MEDLINE search capabilities at an accelerated pace. A number of new sites have been added since the state survey a year ago. The Coordinator is often asked about MEDLINE centers location, therefore in an attempt to identify sites and searchers, you are asked to fill out the brief questionnaire in the Newsletter. This file will be kept in the Coordinator's office.

Also, please inform the Coordinator if you add MEDLINE search capabilities in the future. You need only to fill out the form if the questions apply to you at the current time. IN ORDER TO MAKE THIS AN ACCURATE LIST, IT IS IMPORTANT THAT ALL LIBRARIES WITH COMPUTER TERMINALS RESPOND.

INTERLIBRARY LOAN NEWS

The interlibrary loan department at Middleton Health Sciences Library is asking people in the state to use the words REFER or DO NOT REFER at the top of the interlibrary loan form. Those directions give them the reassurance that you have made a decision about the urgency, or your commitment to accepting charges. As stated in the March Newsletter, the use of REFER indicates a willingness on your part to assume any charges that will be incurred in the filling or referring of material. Currently Middleton does not charge for the referral process.

Because Middleton's budgeting is still in process, all interlibrary loan charges will remain as they currently are until further notice. Three months notice will be given for any changes that may take place.

COLAND SUBCOMMITTEE WORK IN PROCESS

The Council on Library and Network Development Subcommittee for Medical/Hospital Library Aids has begun their work which carries a mandate to "...study the desirability of providing state aids to medical libraries in hospitals and health care institutions...." Members of that committee are Carol Diehl, Chair, Betsy Merriam, DLS Liaison, Ruth Schmidt, John Sheehy, and Paul Starr. A representative of that committee will be present at the May 21 meeting of the Council for the Wisconsin Health Sciences Library Network. The committee's work must be completed by October 1.

SHORT NOTES

*The new look for the masthead of the Newsletter is only one of the products of Larry Jacobsen's work in assisting to create a new logo for WHSLA as well as the masthead. As a result of all of this, there is now new WHSLA stationary available to members when they carry on correspondence for the organization. The stationary is housed in the Coordinator's office and can be requested. It will also be available at the May Board meeting.

*Fox River Valley Cooperative has a union list of serials that they are willing to supply in exchange for other consortia lists. Please contact Mary Hein, if you have one to exchange.

*There is a publication 1981-82 Hospital Salary Survey Salaries, Hawthorne, NJ, John R. Zabka Associates, 1982. Pat Craven of St. Marys, Madison is interested in knowing if anyone in the state owns that publication. Contact Pat if you have access to it.

*Table 13 - Book Collection -- Wisconsin, page 10 of the Survey of the Wisconsin Health Sciences Libraries has an error that should be corrected. Under the # Beds, 400+, the range should read 340-18915.

REPORT OF THE WISCONSIN LIBRARY NETWORK PLAN

In December 1981, the Wisconsin Library Network Plan Report was submitted to the Council on Libraries and Network Development. The recommendations were subdivided into eight sections: network purposes, the need for area multitype networks, network services, governance framework, geographic area, participation, funding, and criteria. The report also contained sections on past study efforts relating to library cooperation in Wisconsin as well as a brief discussion of the WLNP project process. The goal of this project was to design and recommend an appropriate structure and funding for cooperation among libraries of all types at the area level in Wisconsin, tying this structure to the state level library network.

Some of the recommendations are:

1. Funding. It was agreed that some level of state funding be made available and become the primary source of support for required services of the area multitype library network. This funding should be allocated after an area network plan was approved by DLS.
2. Area. It was recommended that multitype library networks should conform to public library system boundaries or multiples thereof.
3. Participation. It was agreed that libraries of all types, including for-profit special libraries and non-public school and academic libraries, should be eligible to participate in the services.
4. Services. It was recommended that certain services should be required for area multitype library networks: interlibrary loan; reference referral; inservice training; library delivery, and communication systems; and open access.

5. Governing Body. There was agreement that the governing body for multitype library networks should be a mixed governing board with lay people constituting a majority of the board members and all types of libraries being represented.

It was also agreed that there will be a need for statutory change and that there should be a planning process for development of these networks.

EXCERPTA MEDICA THREATENS CURRENT SUBSIDIZATION OF NLM COMPUTERIZED SERVICES

Many of you are probably aware of the proposed legislation in the form of an amendment to Senate bill S800 that could potentially put the MEDLINE services offered by NLM in direct competition with private industry. The proposed amendment states that the library must not provide users with information products unless fees are charged that recover full cost of the services. According to Martin Cummings, Director of NLM, NLM currently charges users about 70% of the costs. At full price the hourly cost of MEDLINE is \$22.00 which is still less than the commercial cost.

The impetus behind the proposed amendment is from Excerpta Medica. This company wishes to pressure NLM into charging full cost recovery for access to MEDLINE which would put NLM into a competitive market with private enterprises offering the same data bases.

Mary Campfield, a member of WHSLA Legislation Committee, has written a letter in behalf of WHSLA expressing concern over this legislation. For further background information see:

- Holden, Constance, "Library of Medicine versus Private Enterprise", Science v.212, 5 June, 1981, p. 1125.
- Sherrington, Andrew, "Index Medicus Jeopardized," Canadian Medical Journal vol 126, no. 5, March 1, 1982, pp. 459-460.

- Kay Cimpl, Chair
Legislation Committee
WHSLA

WISCONSIN UNION LIST OF SERIALS

In previous issues of the Newsletter, announcements were made in regard to the availability of the WULS list. Since that time a number of health science libraries have received microfiche copies of that list. Locations of the WULS list will be published as they are received. Sharing of that resource can then take place. Currently the sites in the Northern and Western Consortia are available.

- Western
Lacrosse, Lutheran
- Northern
Wisconsin Rapids, Riverview

Marshfield, St. Joseph's School of Nursing
Marshfield, Marshfield Clinic
Woodruff, Howard Young Medical Center

FORTHCOMING UW-EXTENSION PROGRAMS

Copyright Workshop

Date: June 8, 1982
Time: 9:00 a.m. to 4:00 p.m.
Place: The Wisconsin Center
702 Langdon Street
Madison, WI
Fee: \$48 includes all instruction and materials
Instructor: Michael Skinrud, attorney, teacher, and performing artist.

For further information, please call: Marshall Cook, program coordinator, at (608) 262-4911.

Librarians and Microcomputers...Working Together

Date: Monday/Tuesday, June 14-15, 1982
Time: 8:30-5:00
Place: Old Radio Hall
975 Observatory Drive
Madison, WI
Instructor: Veronica Ruggles, programmer/analyst at the Wisconsin Department of Revenue.
Fee: \$50.00

For further information, please call: Darlene Weingand or Barbara Arnold, Communication Programs, (608) 262-4354. Enrollment is limited.

CAMILLE WADE MAURICE PROGRAMS LISTED

The May 5 ETN Seminars for Health Sciences Librarians featured the program "Care for the Care Giver" a nationally produced audiotope on burnout. Camille Wade Maurice is the creator of that program. You will find information on her programs in this Newsletter in return for her willingness to let us use her audiotope.

DESCRIPTIVE STATISTICS FOR LIBRARIANS

"Statistics is the science of collecting, organizing, and analyzing numerical facts. When used effectively, statistics is more than a science; it becomes a language. Fluency in the language of statistics...is a valuable management tool of today's librarian."

The introduction above is from Dr. Arthur W. Hafner's new manual, Descriptive Statistics for Librarians. Because the use of statistics has become so significant in librarianship, the MHSLN is pleased to announce the publication of this timely addition to the tools of the librarians' trade.

Descriptive Statistics for Librarians was designed to supplement a three hour workshop/seminar to promote the effective use of descriptive statistics by librarians. It is intended to help librarians improve services to clientele through development of data analysis skills. The presentation of material is accomplished in four main sections: 1) terminology; 2) frequency distribution, including how to present data graphically; 3) numerical summaries of data, including the basics of how to use and interpret various statistical measures; and 4) correlation. Additional sections include a glossary, a selected reading list, a list of formulas, problem exercises, and a case study.

The purchase price of Descriptive Statistics for Librarians is \$15.00 per copy for Midwest Health Science Library Network (Region VII) members and \$18.75 outside the Region. (Prices listed are pre-payment prices: if an invoice is required, an additional \$10.00 per shipment will be charged.)

Address orders to:

Midwest Health Science Library Network
Management Office
Library of the Health Sciences
University of Illinois at the Medical Center
P. O. Box 7509
Chicago, IL 60680

Checks should be made payable to UNIVERSITY OF ILLINOIS.

INTRODUCE ENERGY, CREATIVITY AND A SENSE OF RENEWAL TO YOUR NEXT SEMINAR, WORKSHOP, IN-SERVICE OR TRAINING SESSION.

MOST IN DEMAND FOR:

CARE FOR THE CARETAKER

CAMILLE ADDRESSES THE SUBJECT OF BURN-OUT; PROVIDES A CONSCIOUSNESS RAISING OF WHAT IT IS AND HOW IT AFFECTS WORK AND PERSONAL LIFE - AND OFFERS SUGGESTIONS ON HOW TO AVOID, AND REDUCE IT.

OTHER PROGRAM TOPICS INCLUDE:

ASSERTIVENESS ON THE JOB

MANAGEMENT AND REDUCTION OF STRESS

CREATIVE GROUP DEVELOPMENT AND LEADERSHIP

CAREER CONTROL - REASSESSMENT AND PLANNING

SUPERVISION - AN ENABLING PROCESS

COMMUNICATION SKILLS

INTERVIEWING

CHOOSING FREELY FOR MORE EFFECTIVE DECISION MAKING

PROGRAMS CAN BE OFFERED AS HALF OR ONE DAY PARTICIPATIVE WORKSHOPS OR AS A SERIES OF SHORTER SESSIONS.

CAMILLE WILL ALSO BE GLAD TO CONSULT WITH YOU REGARDING YOUR TRAINING NEEDS.

CARE FOR THE CARETAKER is a dynamic, educational experience on job burnout and stress management designed specifically for health care personnel. This outstanding program is applicable to all health care personnel regardless of their work position in the medical care setting.

This video tape program will help:

- Identify signs, signals and symptoms of burnout.
- Identify leading causes of burnout.
- Identify practical techniques on reducing and preventing burnout.

CARE FOR THE CARETAKER may be shown in its entirety (one hour) or in 15 minute or 30 minute segments. The first segment deals with signs, signals and symptoms of burnout, 15 minutes; the second with leading causes of burnout, 15 minutes; the third with practical techniques on reducing and preventing burnout, 30 minutes. An instructor packet, including specific exercises related to the various segments of the video tape, are provided for participant discussion and learning.

Camille Maurice, nationally known mental health consultant discusses job burnout and stress management in a uniquely realistic, helpful and refreshing manner. In her teaching, Camille utilizes real life situations that everyone in the health care field can easily identify with and learn from in an inspiring way. Being with Camille is a nurturing experience, both personally and professionally, that people will want to repeat often.

ORDER FORM

CARE FOR THE CARETAKER - A one hour 3/4" color video cassette

- I would like to: Preview the 3/4" video cassette - \$25.00* (one day rental)
 Rent the 3/4" video cassette - \$75.00* (three day rental)
 Purchase the 3/4" video cassette - \$275.00
 Purchase the 1 hour audio cassette - \$9.95

JOURNAL FORMAT

Any listing of journals for the Journal Exchange should be typed on 8½" X 11" white paper using ½ inch margins. The columns should be typed no wider than 3 inches. This allows for cutting, pasting, reduction and paper savings.

SAMPLE FORMAT 8½" X 11" white paper
Two Columns

NEW!
2 1/2 inch margin

Consultant
