WHSLA ANNUAL MEETING MINUTES

MINUTES
WHSLA Annual Meeting
April 27, 1984
Paper Valley Hotel and Conference Center

Call to Order

The Eighth Annual Meeting of the Wisconsin Health Science Library Association was called to order by President Peg Allen at 1:06 p.m. on April 27, 1984 at the Paper Valley Hotel in Appleton, WI.

Minutes

The reading of the minutes of the seventh Annual Meeting were dispensed with.

Treasurer's Report/Membership Report

Pat Craven's report was summarized by Peg Allen. The current WHSLA balance is \$6,819.00.

WHSLA has 139 members, an increase of 12 members from last year.

Peg described the new policy of asking for reimbursement of the penalty charge and the initial amount of a check returned to WHSLA due to insufficient funds in an account. She also described the Board recommendation to provide the President with a telephone credit card and to develop a budget for travel funds by fall of 1984.

Nominating Committee

Deb Nordgren reported for Deb Hall. The committee was able to locate only two people to run for President-Elect, even though a total of 18 people were contacted. Many of those contacted indicated that they lacked knowledge of WHSLA. She suggested that more members become involved in committee activities.

Election Committee

Susan Anderson is the new WHSLA President-Elect. New area representatives include Cindy Reinl for the Fox River Valley; Su Mallampalli for Northern Wisconsin; Carolyn Barloga for Southeastern Wisconsin; Bill Nielson for Western Wisconsin; Pat Wilcox for the South Central; and no one was willing to represent West Central Wisconsin.

Program Committee

Mary Bayorgean reported that 60 people were in attendance at this year's WHSLA Meeting. Many early and late registrations with very few in the middle caused some anxiety for the Program Committee. Thirty people enrolled in the micro-computer continuing education course, and 6 people enrolled in the statistics course.

Continuing Education Committee

Barb Schmiechen reported on next year's continuing education courses to be offered over University of Wisconsin-Extension's Education Telephone Network: 4 Health Science Library Seminars, 3 Online Searching Sessions with strong emphasis on NLM data base searching, and A51 Basic Library Management for Health Science Librarians which will begin in October.

Jackie Glick reported on the activities of the Online Searchers Subcommittee. There were 2 Online Searching sessions offered this year to 23 registrants. Comments about the 2 sessions were very nice. Next year there will be 3 sessions: (1) NLM Update Review with Pat Pinkowski, (2) Guidelines for Teaching End Users with Gertrude Foreman, and (3) Troubleshooting and Cost Effect Searching with Wanda Auerbach and Linda Oddan.

Peg Allen reported that the Board will provide \$250.00 for more publicity and support for these sessions.

Bylaws Committee

Al Zimmerman reported that there were no changes in the bylaws. Eileen Emberson brought up the issue of the geographic configuration and area representation problem. There possibly is a need to break up geographic areas. She suggested that WHSLA needs to examine the possibility of electing all representatives at large and/or the need to reflect geographic areas in Board membership. Al indicated the Bylaws Committee will examine this.

Legislation Committee

Betsy Merriam indicated that the committee met once in August and worked through the rest of the year via the WHSLA Newsletter. She talked briefly about the controversy about federal requirements for health sciences libraries and the state activities that the committee worked on.

1985 Program Committee

Barb Dewerd is Chair of the 1985 Program Committee. Peg Allen reported that the 1985 Annual Meeting will be held on April 18 and 19 at the Holiday Inn-Holidome at Stevens Point. No theme has been decided yet, and the committee would appreciate any recommendations.

Library Legislation Task Force

Mary Campfield reported on the Task Force's activities. Apparently the Task Force was very

cautious about making major changes. She expressed concern about the absence at hearings of health science librarians. She also talked about the Task Force's recommendation R4, that state resource libraries should be provided with adequate budgets; point 3, funding for contractual resource libraries; and R14, multitype library sharing. The Task Force needs input about its proposals, and while it is too late to make a presentation at hearings concerning the report, written comments will be accepted until May 11.

Newsletter Report

Barb Schmiechen indicated that WHSLA has assumed the full costs of its share of the WHSLA Newsletter publication costs. The newsletter will continue to be issued monthly. The cost of next year's publication will be \$756.00.

Council of Wisconsin Health Science Library Network
Barb Schmiechen explained that the people who were on the Council represented libraries rather than librarians as WHSLA did. Deb Nordgren is the Wisconsin representative to the Advisory Council to GMRMLN. Vicki Schluge is the alternate. Sandy Hoffman is the representative-at-large.

There will be a program in the region for the trainers of end users for end user computer searching. Between July 1 and September 1 the State Serials Locator List should be available. There will be about 80 state health sciences libraries listed. There will be a 3-level pricing structure for the Wisconsin Serials List: (1) people in the serial list, (2) Wisconsin people not in the list, and (3) non-Wisconsin people not in the list.

The region has received \$25,000.00 for collection development.

A Council brochure will be created, explaining what the Council is, its responsibilities, and its activities.

Report from MC/MLA

Audrey Kidder, President of the Midwest Chapter of the Medical Library Association, discussed MC/MLA and its Wisconsin members and their efforts. She reminded everyone that MC/MLA is not part of GMRMLN. She encouraged everyone to attend the MC/MLA Fall Meeting, the User-Centered Library in Cedar Rapids, Iowa on October 25 - October 27, 1984.

New Business

Peg Allen reported on the status of WHSLA planning. A subcommittee of the Board, chaired by the President-Elect, will be set up to do planning.

Peg Allen strongly recommended that WHSLA respond as an association to the Report of the Library Legislation Task Force. There is a need for support of state level resource libraries.

Mary Campfield seconded the motion and volunteered to write the official letter for WHSLA to the Task Force for Library Legislation supporting multitype library cooperation and the recommendations in the COLAND report that stressed support for state level services.

Peg also mentioned that there were vacancies on COLAND. The Governor appoints council members. Mary Campfield has applied to be appointed to the Council, and a motion was passed that Sharon Gebhardt, new WHSLA President, write a letter of support for Mary. Barb Schmiechen encouraged other members to write to the Governor in Mary's support as well.

President's Closing Remarks

Peg Allen commented about the lack of awareness of the library community of the existence of WHSLA. Peg felt that WHSLA members should be more concerned about their image and work more on making WHSLA better known.

She also expressed concern about getting more members involved in WHSLA committees and indicated that the Association will be working on obtaining a tax exemption number during the coming year. She expressed gratitude to the authors of WHSLA's Guidelines for officers for the excellence of their efforts. The guidelines proved extremely helpful to her tenure as President.

New President's Remarks

Sharon Gebhardt announced that she will be appointing committees and will be contacting people shortly.

Adjournment

The meeting was adjourned at 2:00 p.m.

Respectfully submitted,

Diana L. Slater

Diana Slater

WHSLA APRIL EXECUTIVE COMMITTEE MINUTES

MINUTES

Executive Committee Meeting

April 26, 1984

Appleton, Wisconsin

Call to Order

The Meeting of the Executive Board was called to order by President Peg Allen on Thursday, April 26, 1984 at 7:05 p.m. at the Paper Valley Hotel, Appleton, WI.

Present

In addition to Peg Allen, the following board members, committee chairperson and guests were present: Pat Wilcox, Barbara Schmiechen, Jackie Glick, Cindy Reinl, Carolyn Barloga, Susan Anderson, Debbie Hall, Al Zimmerman, Betsy Merriam, Audrey Kidder, Sharon Gebhardt, Mary Bayorgean, Xena Kenyon, Su Mallampalli and Diana Slater.

Minutes

The reading of the September Executive Board minutes was dispensed with.

Treasurer's Report

Pat Craven, Treasurer and Chair of the Membership Committee, was unable to attend the meeting. In her place, Peg Allen submitted the reports to the Board. WHSLA's financial statement indicated that the balance as of April 27, 1984 is \$4,682.54.

Committee Reports

WHSLA's current membership is 139. Two points were highlighted in the Membership Committee Report: (1) the new guidelines concerning personal checks returned for insufficient funds: the first check will be returned to the member with a letter requesting another and enumerating the consequences of dismissal from the organization and the loss of associated privileges. The second check for insufficient funds will be returned to the member with a letter of dismissal. The letter would also ask for reimbursement for the bounced check fine by money order or cash. To be reinstated the individual must pay all past WHSLA debts including insufficient fund fines. (2) Nancy Wacker surveyed various

officers and committee chairs concerning possible reimbursement of officers/committee members for various meeting expenses. Suggestions included (1) making meetings one day only, avoiding overnight stays, (2) providing telephone credit cards for officers and substituting telephoning for meetings, (3) providing a set amount annually to be awarded to applicants, (4) covering no expenses since all can be deducted from individual's taxes.

Nominating Committee

Deb Hall briefly summarized her report for the Board. She explained that 18 members were contacted to run for the position of President-Elect. Initially, all people contacted refused. Comments from some people indicated they did not feel that they knew WHSLA well enough to be President-Elect. Finally, the committee was able to locate 2 people willing to run. Deb stressed that members should be encouraged to run for offices and be on committees.

Election Committee

Susan Anderson was elected to the position of President-Elect. Al Zimmerman asked that, due to the Nominating Committee's difficulties in locating people to run for the position of President-Elect, was the committee recommending that there be only 2 nominees for the position rather than the 3 required by the WHSLA Bylaws? Jackie Glick indicated that she thought that it was a bad year for many people, due mostly to outside responsibilities. Betsy Merriam suggested that reappointments to committees be avoided. She indicated that there appear to be a lot of new members who might want to be on committees. Peg Allen mentioned that few new members indicated on the membership application form that they were interested to be committee members. This year she tried to stagger committee appointments and found it difficult to attract new members to the committees. Some suggestions for increasing membership participation would be to hold committee meetings during the Annual Meeting or to schedule combined half-day Board and half-day committee meetings.

1984 Program Committee

Mary Bayorgean reported that 60 people were attending this year's Annual Meeting. She indicated that 30 people had enrolled in the microcomputer continuing education course, while 6 people participated in the descriptive statistics course. She stressed the need to keep the costs of the c.e. courses low. She also explained that the Program Committee had felt some apprehension about registration this year. Apparently, there was an early rush of registration as soon as the Annual Meeting publicity was mailed, there then was a major lull until just before the meeting, and suddenly there was a flood of last minute registrations.

Mary indicated that she would be submitting her committee's report after the Annual Meeting.

Continuing Education Committee

Barb Schmiechen reported that Eileen Emberson was unable to continue as Chair of the Committee but was able to work as liaison for the CE Committee to the 1984 Program Committee. Barb served as Acting Chair until the 1984 Annual meeting.

Barb described the programs to be held next year over the Education Telephone Network. These were the 4 Medical Library seminars, and the 3 Online User Sessions. Low enrollment in last year's Medical

Library Association c.e. courses is the reason why a course will not be offered next year. Barb talked about the possibility of WHSLA contacting MLA about its concern about the high cost of MLA continuing education.

Barb recommended that the Board take some action concerning the structure and status of the Online Users Subcommittee. The Online Users Subcommittee is not truly a subcommittee of the Continuing Education Committee in that members of the subcommittee are not necessarily members of the CE Committee. Barb requested that within the year something be done (she recommended 3 alternatives) to assure that the Online Subcommittee continue to be a viable, working committee or subcommittee. Barb's alternatives were (1) keep it as a C.E. subcommittee but create terms of office, (2) integrate the committee into the C.E. Committee. Expand the number of members and let C.E. Committee members decide if they can give the time commitment needed for the facet, and (3) create a separate Online Users Committee with the WHSLA Committee structure.

Online Users Subcommittee

Jackie Glick presented the Subcommittee Report concerning the 2 2-hour Online Searching C.E. programs offered this year. Jackie indicated that while the Subcommittee did not need funds from WHSLA last year to help in covering any deficit, the Subcommittee would like to be able to ask WHSLA for assistance for the coming year. Jackie indicated that there were 23 registrants this year, and they will need a minimum of 15 registrants to break even next year.

Jackie briefly discussed the comments received from registrants from the evaluation forms. Next year's sessions will concentrate more on the National Library of Medicine databases.

Jackie also indicated that the Southeastern Wisconsin Health Science Librarian Consortium is looking at sponsoring a Milwaukee presentation of the regional NLM Online Update by Patricia Pinkowski, GMRMLN's Coordinator for Online Services, this fall. It is anticipated that this 6-hour presentation will include end users service and DOCLINE. SWHSL will be voting shortly about sponsoring the presentation and, if so, there probably will be an enrollment fee. Barb Schmiechen reported that the Medical Library Seminars also offered over ETN drew between 70 to 80 registrants. Deb Hall recommended that WHSLA support a brochure which might better publicize the Health Sciences Online Users presentations. Barb Schmiechen recommended that included in this brochure might be publicity for Patricia Pinkowski's Milwaukee NLM Online Update. She also recommended publicizing the Online Users programs at consortium meetings.

Betsy Merriam asked to whom publicity is sent. Barb indicated that the Online User presentations are publicized in the WHSLA Newsletter but the cut in funding of University of Wisconsin-Extension has curtailed much of its publicity. Betsy Merriam recommended that publicity for the Online User programs be sent to other newsletters such as those of public library systems or multitype systems. Their mailing lists would reach a broader audience. Jackie Glick promised to take this suggestion back to her subcommittee.

Bylaws Committee

Al Zimmerman indicated that there were no changes in the bylaws. However, the bylaws will be reprinted shortly with past changes added, Peg Allen suggested that the bylaws and the membership directory be mailed together.

Al discussed some proposed changes in the guidelines for the Secretary and Membership Committee Chairperson. In the future Barbara Schmiechen as Coordinator for Health Science Libraries will provide mailing labels for WHSLA, but WHSLA officers will still be responsible for the accuracy of the mailing information.

Deb Hall indicated that last year there were questions about who was responsible for mailing the WHSLA ballot. Al said that it was the feeling of the Bylaws Committee members that the Nominating Committee should mail ballots. Al expressed concern that guidelines not be substituted for bylaws. He also asked that recommendations for changes in guidelines be submitted to Bylaws Committee by July 1, 1984.

Program Committee

Barb Deweerd is the Chair of the 1985 WHSLA Program Committee. The 1985 meeting will be sponsored by the Northern Wisconsin Health Science Libraries Cooperative. The meeting will be held after Easter on April 18 and 19, 1985 in Stevens Point.

Legislation Committee

Betsy Merriam reported for the Committee. Betsy described the Legislation Committee notebook which contains action statements and describes activities and issues in which the Committee has been involved.

She briefly discussed the preliminary report of the Task Force on Library Legislation. Two points discussed in the report that Betsy felt members might be interested in are (1) state level resource providers and (2) how libraries cooperate within the state and the funding they receive for it. State funds are not given directly to librarians but are given to boards of laypeople who distribute the funds. It is important for groups, such as WHSLA, to recognize this difference and to speak at board hearings.

Peg Allen attended both the COLAND hearings and the Task Force hearings. It was recommended that the WHSLA Board have a report ready to send to Mary Blackwelder, Legislative Committee Chair, expressing concern about the lack of funding for the State Coordinator position and support for the two state resource libraries.

There was also discussion of possible Wisconsin Library Association membership of WHSLA members to encourage the involvement and visibility of health science librarians.

The Governor will shortly be making board appointments to COLAND (the Council on Library and Network Development), and Betsy recommended the submission of interested WHSLA members' names.

Old Business

1. Planning and Development

Peg Allen had mailed the results of her survey of the Board members' feelings concerning planning prior to the Board meeting. Her initial inclination, later supported by the planning survey, was that

planning be done by a subcommittee of the Board. Peg asked for recommendations concerning the committee's activities. Her feeling was that this Committee should survey WHSLA members about their needs.

After some discussion, it was motioned by Mary Bayorgean and seconded by Jackie Glick that a subcommittee of the Board be established as the planning vehicle for WHSLA.

2. Legislative Activities

Peg Allen asked about the Board possibly responding to the Preliminary Report of the Task Force on Library Legislation. She will ask Mary Campfield to talk about the Report at the annual business meeting tomorrow.

New Business

1. Travel/Food Expenses for Officers/Committees

There was discussion of the results of the Membership Committee survey concerning funding for officers and committee members for food and travel expenses. Jackie Glick felt that funds should be available that people could apply for. Mary Bayorgean mentioned that in this year's evaluation form for the Annual meeting members were asked to indicate what they themselves were paying for in order to attend the Annual Meeting.

Barb Schmiechen felt that formalizing a budget for WHSLA would allow funds for meetings, telephone calls, etc. She recommended that as incoming President, Sharon Gebhardt, could develop a budget and have it voted on by Board members in a mail ballot. The Board needs to set a precedent for funding. It was suggested that developing a budget for WHSLA be a charge for the planning committee. Peg Allen suggested that Sharon be provided with a telephone credit card for one year on a trial basis to determine costs for a possible budget.

It was recommended that the WHSLA Treasurer be the person applying for the credit card and the one who oversees the telephone bills.

The Board agreed that the planning committee be given the charge to look into the possible coverage of WHSLA officer and committee expenses and that the committee should submit some recommendations to the Board for a mail ballot by the fall Board Meeting.

2. Continuing Education

Barb Schmiechen suggested that the planning committee might want to examine the structure of the Online Users Subcommittee. She asked that something be done within the year but recommended that the status of the Subcommittee remain as it is through this year. She also suggested staggering membership on the committee.

It was motioned and approved that \$250.00 be given to the Online Users Subcommittee in case of need of financial support for their ETN programs.

3. Newsletter

Barb Schmiechen submitted her report. she proposed increasing the newsletter funding from \$744.00 to \$756.00. It was approved.

4. Mailing List

Peg Allen asked if there were guidelines for selling or sharing the WHSLA mailing list. She had had a request for one.

The Executive Committee Meeting minutes of Sept. 18, 1981, page 4, indicated that the mailing list was only available to WHSLA members.

Board discussion indicated that WHSLA members might not wish to have their names distributed just to any party willing to pay \$5.00 to become a WHSLA member. It was suggested instead that individuals interested in publicizing certain information to WHSLA members be directed to Barb Schmiechen so that it could be inserted into the WHSLA Newsletter.

5. Interlibrary Loan Transmission via Electronic Mail

There was no discussion on this topic as it was felt that this was more in scope for either the Council of Wisconsin Health Science Library Network (CWHSLN) or GMRMLN.

6. President's Recommendations for Future Study

Peg Allen recommended that WHSLA investigate the possibility of obtaining a tax number if WHSLA is a state tax-exempt organization. It would allow WHSLA to avoid paying state sales tax.

Apparently, only a few forms need to be filled out by the Treasurer and sent to the state. Deb Nordgren may have the forms.

Peg also recommended that the Continuing Education Committee conduct another needs survey. The last survey was conducted two years ago.

Adjournment

The meeting was adjourned at 8:57 p.m.

Respectfully submitted,

Diana L. Slater
Diana L. Slater

MC/MLA ANNUAL MEETING

Mark October 25-27 on you calendar and begin planning now to attend the MC/MLA annual meeting at Stouffer's Five Seasons Hotel in Cedar Rapids. The theme "The User-Centered Library", will be addressed by a variety of speakers. Three all-day continuing education courses will be offered on October 25. Several interesting activities are planned. In addition the 1984 Online Update Clinic (including Medline Update) will be held on October 24. Registration material will be mailed to MC/MLA members in the late summer. For information contact Mary Wegner, Medical Library, Iowa Methodist Medical Center, 1200 Pleasant, Des Moines, IA 50308, 515 238-6490.

DIALOG TRAINING AT MEDICAL COLLEGE-JULY 9

Dialog will hold a one day training session on their business databases on Monday, July 9, 1984 at the Medical College of Wisconsin, Todd Wehr Library.

The cost is \$125.00. This is an advanced seminar for those with dialog searching experience. Please call Dialog at 1-800-227-8282 to register.

Business Research Corporation will hold a half-day training session on their database INVESTEXT on Wednesday, August 8, 1984 at the Medical College of Wisconsin, Todd Wehr Library. The cost is \$35.00 per person payable to Business Research Corporation. The session will include both lecture and hands-on time. You must register with Business Research Corporation by August 1, 1984. Please call or write:

Ms. Leslie Dures

MIDDLETON'S LIST OF SERIALS

The many requests for Middleton Health Sciences Library Serials List has depleted the supply. New copy including the call numbers has been submitted to Louisville and there is presently no time line for the new printing. Watch for the Newsletter for information about a new printing.

PEOPLE

WIN EIDE of the State of Wisconsin Health and Social Services Library has retired after long years of services in that library. A retirement party was held for her in Madison. We wish her well in that retirement.

EILEEN EMBERSON has submitted her resignation as Director of Library Services at Luther Hospital, Eau Claire to become IMC Director at Altoona Middle and High School. Eileen has been a strong leader in the state and national health sciences library field both in professional and network organizations. We will certainly miss her enthusiasm and creative work. Multi-type work will let us keep in contact.

The new librarian at Beloit Memorial Hospital is LINDA MILLER. Linda lives in Rockford, IL and is employed half-time. She has been very active in public library work. We welcome her to the health sciences area.

BELOIT MEMORIAL REQUEST

Linda Miller, Librarian at Beloit Memorial is looking for discarded sets of Book in Print or Medical Books in Print. If you have any to give away please contact her at-

Beloit Memorial Hospital
Hospital Library
1969 W. Hart Rd
Beloit, WI 53511
608-364-5011

MATERIAL FOR YOUR LIBRARY

ILL Software for IBM-PC

The library at MacNeal Memorial Hospital in Berwyn, Illinois, has developed IBM-PC software for interlibrary loans. FILLS (Fast Interlibrary Loans and Statistics) is designed to print on a four-part ALA ILL form. Information: RyaBen-Shir, Health Sciences Resource Center, MacNeal Memorial Hospital, 3249 S. Oak Park Ave., Berwyn, IL 60402.

Health notes

"Health Notes" is a new series of health promotion brochures and posters now available from Wisconsin Clearinghouse, 1954 E. Washington Avenue, Madison WI 53704; phone (608) 263-2797. Topics include alcohol, stress, exercise, back problems, and many others. The Clearinghouse is an informational service of UW Hospital and Clinics.

Nursing Audiocassette Course

N70 Interpersonal Relations--Utilizing Effective and Therapeutic Communications in Nursing. This is a new course for independent study offered by The University of Wisconsin--Extension Continuing Education in Nursing. A number of courses are offered in this format by this department. For more information on this new course and the others offered, contact Mary V. H. Jones, UW--Extension, Continuing Education in Nursing, 529 Lowell Hall, 610 Langdon, Madison, 53706 608-262-1179.

NLM EXPANDS VIDEO LOAN PROGRAM

In February 1981, NLM began an experimental interlibrary loan program for a collection of some 1,000 videocassette titles listed within AVLINE (News, December 1980, May 1981). In addition, 300 of those titles were placed in eleven "satellite sites" throughout the country to encourage decentralization of the loan service. The major goal of the program was to share some of the audiovisual resources of the Library in a manner consistent with access provided for its literature collections.

A report prepared internally to evaluate the program's operation over a 2 1/2-year period has led the Library to expand the number of titles offered on loan from the National Library of Medicine to nearly 5,000. Beginning this month, all videocassettes identified in AVLINE or its printed catalogs are available (unless otherwise noted) on interlibrary loan to libraries in the U.S. and Puerto Rico. Two categories of videocassettes are not available--CIP titles (pre-production citations appear in AVLINE and can be identified by a (P) following the call number) and withdrawn titles (indicated in the AVLINE call number field (CA) as withdrawn).

The following rules apply when requesting videocassette loans from NLM:

. Requests for the 300 titles tagged in AVLINE with NLM-ILL(s) should continue to be sent to the satellite site in your region, and other videocassette requests should follow established regional protocols for audiovisuals where appropriate.

. NLM's standard interlibrary loan procedures, along with the \$5 charge per loan, are in effect.

. Borrowing libraries are responsible for compliance with all copyright regulations. The videocassettes may not be duplicated without the permission of the producer.

. In most cases, NLM owns only one copy of each AVLINE videocassette in 3/4" format. Requests are filled on an "as available" basis, so advance booking is not possible. The loan period is three weeks including transit time.

Requests should be submitted to:
National Library of Medicine
Audiovisual Resources Section
8600 Rockville Pike
Bethesda, MD 20209
301/496-4244

WISCONSIN 1983 THIRD QUARTER HOSPITAL UTILIZATION

During the fourth quarter of 1983, Wisconsin adult inpatient days were down by over 10%, when compared to the same quarter of 1982. This compares to declines of 5.5% for the U.S. and 2.6% for our region.

Discharges from Wisconsin hospitals were also down. In the quarter ending December 1983, discharges were 5% lower than the same quarter in 1982. The rapid decline in inpatient days, when compared to discharges, resulted in a decline of over 5% in average length of stay. For the fourth quarter, 1983, average length of stay in Wisconsin was 6.4 days when compared to an average of 6.8 days during the same quarter of 1982.

Factors contributing to this decline in Wisconsin inpatient utilization include: implementation of the Medicare Prospective Payment System (PPS); increases in day surgery and other outpatient activity; the impact of HMO's and the emergence of PPO's; increased activity in private patient review and increased activity in alternative settings, such as clinics and emergency/urgent care centers.

-The Newsletter - Wisconsin Hospital Association
Vol. 28 (10) May 11, 1984, p. 1.

MEDLINE SUBSET PROPOSED BY NLM

Medline subsets have been proposed by NLM for users who wish to mount portions of the MEDLARS data base on their personal or institutional computers. The development of sophisticated mini and micro computers has made it feasible for users to establish local retrieval capabilities for files derived from the approximately four million MEDLARS references going back to 1966. Such a subset file might contain references to journal articles held in a local library, for example, or to a journal article in a specific area of biomedicine.

The National Library of Medicine has prepared a Draft Subset Policy that sets forth the conditions under which such subsets might be made available. In order to provide subsets of the same high quality as the entire file, NLM plans to distribute the subsets directly through contractual arrangements. This will ensure that subsets are maintained and remain consistent with the files generated at NLM. Recipients of subsets would be prohibited from republishing, duplicating, or offering the subsets

for resale to others. For the present, at least, subsets will be limited to MEDLINE and the back files until the library has developed sufficient experience with subsets.

The draft policy defines two classes of use-- personal and multiple. Personal use at a single site will permit the ultimate user (health practitioner, researcher, or educator) to use the subsets directly on his or her own computer. Flat rate pricing is intended to encourage such use. Institutions or groups of users or vendors desiring to provide access by multiple users at a single or multiple sites, will be required to pay a minimum fee proportional to the size of the current year file obtained, plus an offsetting use charge. (At present this use charge is an hourly rate. However, when the NLM has gained experience with the newly introduced pricing algorithm, the use charge will be based on the applicable portions of the algorithm.) These prices will be similar in nature to those charged to vendors of the total data base. Back files will be available at a modest, one-time charge.

Three types of subsets are proposed by the policy:

Predefined contents subsets, similar to recurring bibliographies now produced in print format, will be selected by the NLM, based upon the library's experience or advice of professional groups. Periodic updates will be provided.

Individualized contents subsets, similar to the current SDI searches, also will be available for personal or multi-use applications. Periodic updates will be provided. Because the production costs are not shared by multiple purchasers, the cost of these subsets will be somewhat higher.

Custom contents (one time) subsets, in which no updates are provided, also will be available. Users wishing to obtain relatively small individualized or custom subsets may find downloading to be an attractive alternative. This practice will be subject to restrictions and pricing algorithms applicable to online users.

The Draft Subset Policy has been sent for comments to selected officials and representatives of various health professional library and information management organizations.

-Information Hotline, April 1984, p. 5.

EDITORS NOTES

1) The July issue will include fall continuing education courses. Material for that issue must be in by July 5.

ST. LUKE'S HOSPITAL

N O W A V A I L A B L E !

FIFTH REVISION OF HYPERBARIC MEDICINE PROCEDURES BY ERIC P. KINDWALL, M.D.
AND ROBERT W. GOLDMANN, M.D., ST. LUKE'S HOSPITAL, FEBRUARY, 1984.

St. Luke's Hospital is pleased to announce that the Fifth Revision of Dr. Kindwall's Hyperbaric Medicine Procedures manual is now available in enlarged and expanded form. The number of pages have been doubled and Dr. Kindwall, along with his new associate, Dr. Goldmann, a Critical Care Specialist, have added sections on monitoring in the chamber, the use of the transcutaneous pO2 apparatus, doppler perfusion pressure criteria, etc. Sections have been added on ventilator use in both the walk-in and monoplace chambers as well as the administration of medications and the using of intravenous infusions with the monoplace chamber.

The entire manual has been revised to accord with the most recent revision of the Report of the Committee on Hyperbaric Oxygen Therapy of the Undersea Medical Society. A number of research areas have been retained for interest. The index is fully updated and cross referenced. Subjects such as treatment of the patient with a pacemaker, pneumonectomy, chest tube and arterial lines have been added. This manual consists of over 200 pages of practical and useful information for both the beginner and experienced hyperbaric physician wishing to treat patients in the clinical hyperbaric chamber.

AUDIOVISUALS AVAILABLE FROM MIDDLETON LIBRARY
FOR CIRCULATION TO THE STATE

ORTHOPAEDICS

AC TOPICS IN FRACTURE MANAGEMENT.
988 audiocassette. 60 min. handout.
7(5) Audio-Digest Foundation. 1984. (Audio-Digest. Orthopaedics. v.7, no. 5)

PSYCHIATRY

AC ANOREXIA NERVOSA & BULIMAREXIA.
989 audiocassette. 60 min. handout.
13(9) Audio-Digest Foundation. 1984. (Audio-Digest. Psychiatry. v.13, no.9)

AC TOPICS IN SEXUAL DYSFUNCTION.
989 audiocassette. 60 min. handout.
13(19) Audio-Digest Foundation. 1984. (Audio-Digest. Psychiatry. v.13, no.10)

SURGERY

AC PRIMARY THERAPY FOR OPERABLE BREAST CANCER.
990 audiocassette. 60 min. handout.
31(8) Audio-Digest Foundation. 1984. (Audio-Digest. Surgery. v.31, no.8)

AC CANCER OF THE SKIN AND SUBCUTANEOUS
990 TISSUES.
31(9) audiocassette. 60 min. handout. Audio-Digest Foundation. 1984. (Audio-Digest. Surgery. v.31, no.9)

PEDIATRICS

AC ETHICAL AND LEGAL ISSUES IN PEDIATRIC
991 PRACTICE.
30(8) audiocassette. 60 min. handout. Audio-Digest Foundation. 1984. (Audio-Digest. Pediatrics. v.30, no.8)

AC THE LABORATORY IN PEDIATRIC PRACTICE.
991 audiocassette. 60 min. handout.
30(9) Audio-Digest Foundation. 1984. (Audio-Digest. Pediatrics. v.30, no.9)

AC HIGHLIGHTS FROM INTERMOUNTAIN PEDIATRIC
991 SOCIETY.
30(10) audiocassette. 60 min. handout. Audio-Digest Foundation. 1984. (Audio-Digest. Pediatrics. v.30, no.10)
(Includes: Perinatal Mgmt. of Recurrent Herpes Simplex Virus Infection; Lab Evaluation of Congenital Infections; Enuresis; Otitis Media Prophylactic Antibodies.)

FAMILY PRACTICE

AC "DOCTOR, I HURT".
992 audiocassette. 60 min. handout.
32(18) Audio-Digest Foundation. 1984. (Audio-Digest. Family Practice. v.32, no.18)
(Includes: Dysmenorrhea; Backache; Headaches.)

AC COMMON PROBLEMS IN PEDIATRIC PATIENTS.
992 audiocassette. 60 min. handout.
32(19) Audio-Digest Foundation. 1984. (Audio-Digest. Family Practice. v.32, no.19)
(Includes: Fever and Fever Phobia; Chronic Diarrhea.)

AC THE ARTHRITIC PATIENT.
992 audiocassette. 60 min. handout.
32(20) Audio-Digest Foundation. 1984. (Audio-Digest. Family Practice. v.32, no.20)

INTERNAL MEDICINE

AC UPDATE IN INFECTIOUS DISEASE.
995 audiocassette. 60 min. handout.
31(9) Audio-Digest Foundation. 1984. (Audio-Digest. Internal Medicine. v.31, no.9)
(Includes: Advice for Foreign Travel; Immunization for Adults; Legionnaire's Disease.)

AC PREOPERATIVE EVALUATION.
995 audiocassette. 60 min. handout.
31(10) Audio-Digest Foundation. 1984. (Audio-Digest. Internal Medicine. v.31, no.10)
(Includes: Surgery in the Hypertensive Patient; Noncardiac Surgery in the Cardiac Patient.)

OBSTETRICS AND GYNECOLOGY

AC MANAGEMENT OF INTRAPARTUM PROBLEMS.
996 audiocassette. 60 min. handout.
31(9) Audio-Digest Foundation. 1984. (Audio-Digest. Obstetrics/Gynecology. v.31, no.9)

AC DRUGS IN GYNECOLOGY AND OBSTETRICS.
996 audiocassette. 60 min. handout.
31(10) Audio-Digest Foundation. 1984. (Audio-Digest. Obstetrics/Gynecology. v.31, no.10)

PRACTICAL REVIEWS IN PATHOLOGY

AC Vol. 9, no. 1
981 1 audiocassette, 1984.
9(1)

AC Vol. 9, no. 2
981 1 audiocassette, 1984.

GENERAL AUDIOCASSETTES

AC INTERVIEWING TECHNIQUES IN PSYCHIATRY.
547 McLean Hospital Facility for
1-12 Continuing Education, 1983.
Side one of each cassette is an interview, while side two is a debriefing session between the interviewing psychiatrist and the moderator.

1. Eating Disorder: Anorexia Nervosa. (79 min.)
2. Organic Mental Disorder: Dementia. (69 min.)
3. Substance Use Disorder. (83 min.)
4. Schizophrenic Disorder. (77 min.)
5. Affective Disorder: Bipolar Disorder. (75 min.)
6. Affective Disorder: Major Depression. (82 min.)
7. Anxiety Disorder. (84 min.)
8. Somatoform Disorder: Psychogenic Pain. (77 min.)
9. Psychological Factors Affecting Physical Condition: Cardiac Arrhythmia. (84 min.)
10. Narcissistic Personality Disorder. (76 min.)
11. Borderline Personality Disorder. (89 min.)
12. Compulsive Personality Disorder. (69 min.)

VC
840

Stuart Pharmaceuticals, 1983. 30 min., color. (A panel discussion)

BETA BLOCKERS: FOR THE TREATMENT OF ANGINA PECTORIS.

Stuart Pharmaceuticals, 1983. 23 min., color. (A panel discussion)

VC
844
1-2

PHOTORADIATION (LASER) IN THE TREATMENT OF CANCER.

Thomas J. Dougherty. Presented Nov. 17, 1983 at St. Luke's Hospital in Milwaukee as part of the Security Savings & Loan Cancer Lectureship Series. 2 video-cassettes, 64 min. (Also available as audiocassette, AC 549.)

VC
845

THE TREATMENT OF CANCER.

Edward J. Beattie. Presented March 8, 1984 at St. Luke's Hospital in Milwaukee as part of the Security Savings & Loan Cancer Lectureship Series. 1 video-cassette, 59 min. (Also available as audiocassette, AC 550.)

Videocassettes (all 3/4" format)

VC
839

BETA BLOCKERS: FOR THE MANAGEMENT OF HYPERTENSION.

VC
1500
23

THE KNEE IN SPORTS MEDICINE.

Audio-Video Digest Foundation, 1984. 1 videocassette, 41 min. (Discusses extnsor mechanism injuries: Runner's Knee, Jumper's Knee, Osgood Schlatter's Disease, and dislocation.)

JOURNAL FORMAT

Any listing of journals for the Journal Exchange should be typed on 8½" X 11" white paper using ½ inch margins. The columns should be typed no wider than 3 inches. This allows for cutting, pasting, reduction and paper savings.

SAMPLE FORMAT 8½" X 11" white paper
Two Columns

NEW!
2 1/2 inch margin
