

WISCONSIN HEALTH SCIENCE LIBRARY ASSOCIATION NEWSLETTER

DECEMBER 1985

No. 178

COMING EVENTS

- January 15 10:00-11:50 ETN Seminars for Health Sciences Librarians. "Magnetic Resonance Imaging, Ultrasound, and CT - The State of the Art."
- January 23 10:00-11:50 ETN Health Sciences Online Users Group. "Nursing Databases", Eugenie Prime and Gertrude Foreman, Instructors.
- January 23 Ontyme II Training. Library of the Health Sciences, University of Illinois at Chicago. 8:30-11:30 Advanced. 1:30-4:30 Introductory. Call CLASS for information (408) 289-1756.
- May 16-22 MLA. Minneapolis.
- May 20 5:30-8:00 WHSLA Annual Meeting and Social Hour. Minneapolis.

CWHSLN ELECTION

Election for State Representative and Alternate Representative to the Greater Midwest Regional Medical Library Network Advisory Council and the Member-at-large to the Council for Wisconsin Health Sciences Libraries Network are complete. The following people were chosen -

State Representative

Margaret Allen
St. Joseph's School of Nursing
Marshfield

Alternate Representative

Midge Wos
St. Luke's Hospital
Milwaukee

Member-at-Large

Jay Kirk
Marquette Science Library
Milwaukee

The State Representative and Alternate Representative will serve three year terms and the Member-at-Large will serve a two year term. Their Council work will begin January 1.

HEALTH SCIENCES ONLINE USERS GROUP

The Health Science Online Users program starts again this year on December 3, 1985 with the MEDLINE Update presented by Pat Pinkowski, for which we have a very good registration. This is a separate course this year to make Update available to those searchers who cannot travel and are not able to commit themselves to all three sessions.

Registration for the other two sessions has been mailed out, and a registration form is attached to this newsletter. We are excited about the programs. Eugenie Prime, Director of the Glendale Adventist Medical Center Library is also Executive Editor for CINAHL. She is a dynamic speaker and enthusiastic advocate of their new online database. Gertrude Foreman, Acting Director of the University of Minnesota Biomedical Library, is also an RN who is well known as an expert in online searching on nursing topics. They will be presenting "Nursing Databases", on January 23, 1985, at 10:00 a.m.-11:50 a.m. Susan Kirkbride of UW-Madison Middleton Health Sciences Library will present "MeSH - Subject headings, subheadings and indexing" on March 20, 1985, at 10:00 a.m.-11:50 a.m. Susan needs no introduction to online searchers in Wisconsin; most of us have benefited from her expertise at online clinics and workshops at some time.

The Online Users Group Planning Committee will meet December 6, 1985 in Milwaukee to plan next year's Online Users ETN program. We would really like to hear from you. Each year we try to put ourselves in your position to think of topics of most interest to you. Please help us. I am listing the members of the committee below. You can contact any of us by mail, telephone or online with suggestions, comments or demands for programming. Without your input, we may have to resort to yet another survey!

WHSLA Online Users Committee:

Mary Blackwelder

WHSLA EXECUTIVE COMMITTEE MINUTES

EXECUTIVE COMMITTEE MEETING
OCTOBER 4, 1985
OSHKOSH, WISCONSIN

CALL TO ORDER

The meeting was called to order by President Susan Anderson on Friday, October 4, 1985 at 10:05 a.m. at Robbins Restaurant, Oshkosh.

PRESENT

In addition to Susan Anderson, the following board members and committee chair people were present: Ginny Wright, Jan Curnes, Nancy Campbell, Kathleen Blaser, Mary Kotschi, Mary Bayorgeon, Su Mallampalli, Carolyn Barloga, Barbara Schmiechen, Pat Wilcox, Barb DeWeerd, Peg Allen, Sharon Gebhardt, Cindy Reinl.

BOARD AND COMMITTEE MEMBER CHANGES

Susan Anderson announced that Mary Kaye Lintner resigned as representative at large; Kay Cimpl will fill Mary Kay's position. Marilyn Paulson will fill the vacancy left by Shiela Kahlert on the Newsletter committee.

MINUTES

The reading of the April 18, 1985 Executive Committee meeting minutes was dispensed with. The minutes were approved with corrections made prior to the meeting.

TREASURER'S REPORT

The Treasurer's report from the April Executive Committee meeting was tabled due to a question concerning whether or not the 1984 newsletter bill was paid. It was discovered that the bill had not been paid, so both the 1984 and 1985 newsletter bills were paid since the last board meeting. As of October 1, 1985, WHSLA's account balance is \$4,347.38.

COMMITTEE REPORTS

1985 Program Committee: Barb DeWeerd, 1985 Conference Coordinator distributed copies of the final and financial reports. The 1985 program was geared towards small hospital librarians, hence the "Back to Basics" CE course which was attended by seventeen people; "Writing for Results" the other CE session was attended by fifteen people. Forty-two registered for Friday's session. Financially, the conference was solvent with a \$268.80 net profit.

Barb, on behalf of the Program Committee, made several recommendations for future programs. They are:

1. Future meetings should be managed by selecting or electing a committee which would be responsible for the program, both CE courses and general meeting sessions, leaving those in the sponsoring consortium to arrange local accommodations and facilities.
2. A close look needs to be taken at the mailing labels used for pre-registration.
3. The Board may want to investigate the possibility of lowering the registration fee.

Bylaws Committee: Peg Allen, Chair, distributed a lengthy committee report. Several changes the committee suggested were discussed by the Board. The Board approved the following recommendations:

1. Under Article V, Section 3--Election/Selection, a minimum of two candidates would be acceptable when constructing a ballot for President-elect.

2. Written petitions for additional candidates can be sent to the chairperson of the nominating committee by the announced deadline.
3. Shift contents of Article VII, Section 4--President as ex-officio to Article X, Section 2--Duties of the President.
4. Under Article VII, Section 2--Committees, the Planning Committee will become a standing committee. The Committee shall consist of the President-elect, serving as Chairperson, and three other members appointed from the Board membership by the President for one year. The Committee is responsible for ongoing needs assessment for the Association and recommendation of plans to meet these needs.

The Bylaws Committee is also reviewing the Secretary and Treasurer guidelines concerning mailing labels and mailings. Also, the Nominating and Election Committees' guidelines are being reviewed and revised in order to streamline procedures, provide greater detail, and ensure consistency. Any other bylaws and guidelines changes should be submitted to the Committee by February 1, 1986, so changes can be presented to the Board via a mailing prior to the Spring Board meeting.

Continuing Education: Kathy Blaser, chair, distributed the results of the "Survey of Continuing Education Needs." Respondents primarily indicated that they attend continuing education programs to update their knowledge/skills and gain personal satisfaction. The survey results also showed that cost and distance are often deterrents for CE program attendance. Numerous topics were also listed for future programs. Kathy requested that Board members choose five topics from the suggested topics sheet and send their preferences to her by October 31, 1985.

Legislative Committee: Mary Kotschi, chair, announced that Committee member Phyllis Kauffman resigned in mid-July because she and her family will be living in The Netherlands. The Committee would like to thank her for her work and involvement and wish her the best in her future endeavors.

This summer saw the passage of the state budget bill. In it is the provision for a revised formula for the distribution of state aids to public library systems. The indexing figure for that distribution will be 13%, with a 3% inflation factor for year two of the biennium. The Biennium Budget Bill includes an additional \$3,857,000 in public library systems aids over the previous biennium. The Budget Bill also includes language submitted by DPI relating to requirements for public library system membership, the service criteria for library systems, procedures for withdrawal or expulsion from systems, and county plans and financial support for library services. There is language which would require library systems (except Milwaukee County) to honor the library cards of residents of adjacent systems.

During the next committee and floor session, Chapter 43 will be revised and updated. More information will be provided in the future.

On the national scene, Mary received a legislative alert dated July 8 concerning hearings held on the NLM FY1986 budget. As of October 4, Mary had not received any updated information.

Membership Committee: Janice Curnes, chair, has taken charge of the membership list and roster. The roster will be published later this year with an anticipated mailing date in a couple of weeks.

The committee submitted the final draft of the membership renewal notice for Board approval. In the letter portion of the form, the phrase "This deadline is to ensure that you are a member in good standing for voting in the Spring elections" was added to the form so individuals who missed the cutoff date would understand that they could still be members, but would not be eligible to vote that Spring.

The adhoc committees, online users and newsletter, will be added to the list of committees on the form. Also, a question asking if individuals would be interested in running for Board membership will be posed.

The membership committee will also help promote attendance at WHSLA/MLA 1986. Some preliminary ideas are to help organize car pools and help members who want to share hotel rooms find other members to room with.

Planning Committee: Ginny Wright, on behalf of Linda Oddan, presented the Committee report. One of the Committee's primary tasks was to investigate the area representation problem. The Committee recommended that the western and west central regions be merged so that there would be five area representatives instead of six. The Board approved this recommendation to decrease the number of representatives at large from six to five as well.

The Committee also reported on the membership survey which was taken last April. Despite time problems in mailing out the survey, there was a 51% response rate. Six major conclusions represent the majority's opinion:

1. WHSLA should continue to meet annually.
2. Members express a definite need for substantial and varied CE's.
3. WHSLA could continue to meet on a rotating basis if local groups only had responsibility for meeting rooms, meals and other local arrangements.
4. WHSLA could meet in conjunction with other organizations.
5. WHSLA needs to be politically active.
6. Editorial committee would be nice only if Barb found it helpful.

The Committee's third charge was to suggest ways to organize the planning of the annual meeting. It was suggested that the meeting sites continue to rotate; however, a statewide program committee should be appointed, with the local group handling hotel and meal reservations, equipment, and registration. Continuing education courses could be the CE Committee's charge. This recommendation was approved by the Board.

Nominating and Elections Committees: Jan Curnes reported that the Nominating Committee has begun working on revisions for procedures that involve both that committee and the Election Committee. The Board will wait to consider making changes until those two committees, in conjunction with the Bylaws and Guidelines Committees, have completed their recommendations for streamlining these processes.

Newsletter Committee: Su Mallampalli gave the report for the recently formed ad hoc committee. As of September, Marilyn Paulson filled the vacancy left by Shiela Kahlert. Except for August, monthly articles have been published in the newsletter by Committee members. Board members suggested that the Committee's name be added to the news item along with the name of the contributor.

Online Users: The Committee report was presented by Barb Schmiechen for Jackie Glick who was unable to attend. The Fall 1985 and Spring 1986 ETN schedule is set. On December 3, the NLM Online Update Review will be given by Pat Pinkowski. The Spring 1986 session begins on January 23 with a session on nursing databases presented by Eugenie Prime and Gertrude Foreman. On March 23, Susan Kirkbride will moderate a session on MeSH.

The Committee mailed out an information packet to all WHSLA online users at the end of August, which consisted of available details of relevant continuing educational programs in the State.

Work is still being done on the directory of consultants for online users. A questionnaire was distributed to selected, experienced searchers in the State asking whether they would be willing to participate. If there is sufficient response to the survey, a directory will be compiled and made available to membership.

Planning for the 1986-87 WHSLA-ETN schedule will begin in December. The Committee would appreciate suggestions for subjects.

OLD BUSINESS

Tax exempt Status: Sharon Gebhardt reported that WHSLA should receive tax exempt status relatively soon. The application process has taken longer than usual because initially the wrong forms were filed.

Annual Meeting 1986: The 1986 WHSLA Annual Meeting will be held in conjunction with the annual MLA meeting. Tuesday, May 20, 1986 from 5:30-8:30 p.m. will be set aside for the WHSLA business meeting and social hour; a room assignment will be made by MLA. Members will be required to send in a reservation form; there will be no fee for members.

NEW BUSINESS

Annual Meeting 1987: Milwaukee will be the site for WHSLA's 1987 Annual Meeting. Planning will begin in December.

State of Wisconsin Annual Report: Beginning in 1986, non-profit organizations are required to file an annual report listing the names and addresses of officers and board members, etc. Presently, Deb Nordgren is considered the registered agent who receives the form and is ultimately responsible for turning it in on time; however, Deb does not want this designation any longer. The Board decided that whoever is in the position of Coordinator for Health Science Libraries will be listed as the registered agent.

1986 Board Election: Candidates for area representatives will be placed on the 1986 ballot. The Nominating Committee will be responsible for finding people to run from each area.

GMRMLN Regional Council Meeting: On November 21-22, 1985 GMRMLN is hosting a regional advisory council meeting; however, the meeting is not being funded. The Council for Wisconsin Health Sciences Libraries Network is sending Margaret Warpinski to this meeting and has \$100.00 in its treasury that can be used for her expenses. Susan Anderson asked the Board to consider contributing whatever other funds are needed (up to \$100) in order to ensure that Wisconsin basic units are represented at the meeting. The Board decided to contribute the money on a one-time basis. It was also suggested that the Legislative Committee should write a letter stating that GMRMLN should set aside funds for representatives to attend.

CWHSLN: A summary of the Council meeting will be printed in the next WWSLA newsletter. To date, eighty-one Wisconsin Biomedical Union List of Serials have been sold. The list is being updated; updating packets are being sent to all past participants.

The interlibrary loan changes for those institutions requesting more than fifty loans from Wisconsin resource libraries were printed in the September WWSLA newsletter. The changes will go into effect January 1, 1986.

The A51 ETN will not be offered in 1986-87.

ANNOUNCEMENTS

MC/MLA: Three WWSLA members are running for MC/MLA offices. Barb Schmiechen and Cindy Reint for representative-at-large and Mary Blackwelder for secretary.

Spring Board Meeting: The Spring Board meeting will be held April 25, 1986 in Milwaukee.

ADJOURNMENT

The Fall Board meeting adjourned at 1:15 p.m.

NEWSLETTER NOTES

Anglo American Cataloging Rules, second edition is becoming important in National Library of Medicine

Classification. The Handbook for AACR2 by Margaret F. Maxwell, explains and illustrates the rules in concise manner. The publication makes references to AACR1, ALA 1949 rules, and the consequent changes that were made in AACR2. Maxwell's Handbook is a helpful tool for Health Sciences Librarians for descriptive cataloging of books and serials.

Handbook for AACR2, by Margaret F. Maxwell. American Library Association, Chicago, 1980.

-Su Mallampalli
Chair, Newsletter Committee

PEOPLE

Two Librarians from Wisconsin were elected to the MC/MLA Board. MARY BLACKWELDER of the Medical College of Wisconsin Libraries-Milwaukee was named Secretary and BARBARA SCHMIECHEN of Weston Library, Center for Health Sciences Libraries, UW-Madison was elected as a Member-at-Large to the Board. Please contact either of these persons if you have any issues or concerns that should be taken to the MC/MLA Board.

FOR YOUR PROFESSIONAL READING

An article of importance for persons involved in computer data base searching, end-user training or contemplating such a program appeared in the Annals of Internal Medicine, November 1985. A review of the retrieval quantity and quality, user and online search time, and cost analysis of standard systems and numerous user friendly services was presented. Haynes RB; McKibbin KA, Computer searching of the medical literature; Annals of Internal Medicine 1985 Nov 103 (5):812-816.

Other articles of interest -

Blake JB; The physician as bibliographer; Bull NY Acad Med 1985 Apr; 61(3):240-9.

Hewitt P; Chalmers TC, Perusing the literature. Methods of accessing MEDLINE and related databases, Controlled Clin Trials 1985 Jun; 6(2):168-77.

Korcock M, NCI offering computer databases on cancer research; Can Med Assoc J 1985 Aug 1;133(3):225-7. Greist JH; Jefferson JW; Ackerman DL; Baudhuin MG; Erdman HP; Carrol JA, Lithium Information Center: The Lithium Library revisited, J Clin Psychiatry 1985 Aug; 46(8):327-31.

EDITORS NOTES

- 1) I would like to update the address list. If you have any personnel or address changes, please send your mailing label with the corrections to the Editor, WWSLA Newsletter, Weston Library, J5/120 Clinical Sciences Center, 600 Highland Ave, Madison, WI 53792.
- 2) Please have any news items in by January 3 for January Newsletter.
