

WISCONSIN HEALTH SCIENCE LIBRARY ASSOCIATION NEWSLETTER

JULY 1987

NO. 194

COMING EVENTS

- July 23-23 Regional Advisory Council Meeting. Chicago.
- August 28 Joint Northern, Western, West Central Consortium Meeting. St. Joseph's Hospital, Marshfield.
- September 15 BRS Advanced Training. Middleton Health Sciences Library, Madison.
- September 16 BRS Biomed Training. Middleton Health Sciences Library, Madison.
- October 26-31 MC/MLA "Mystery: the Secret of the Reappearing Library." Cleveland.

NLM ONLINE UPDATE CANCELED

SWHSL has been notified that the NLM Online Update scheduled for October 16 has been canceled. The Milwaukee Consortium has continued to hold this as a continuing education day and will announce the program later. It was the decision of the WHSLA Continuing Education Committee to offer the scheduled ETN NLM Update in November as a MEDLINE refresher type program.

Helen Anne Brown was to have been the instructor for the Updates and in discussing the cancellation she indicated that it was NLM's decision not to hold updates this year. NLM is working on specialty workshops for this next year as well as more regional Online Training sessions.

Members of the Council, Center for Health Sciences Librarians, Medical College of Wisconsin Librarians and other individuals are responding to this NLM decision through letter writing. If you would like to respond to this change, a letter may be sent to--Lois Ann Colaianni, NLM Associate Director for Library Operations. Copies should be sent to Dr. Donald Lindberg, Director; Sheldon Kotzin, Chief of Bibliographic Services Division; Carolyn Tilley, Head of Medlars Management Section; Pat Buchan, Bibliographic Services Division; Helen Anne Brown, Online Services Coordinator. Addresses are in the February 1987 Supplement to the NLM News.
-Barbara Schmeichen
State Coordinator

MINUTES OF THE 1987 WHSLA ANNUAL MEETING

May 1, 1987
Milwaukee, Wisconsin

The meeting was called to order by President Linda Oddan on Friday, May 1, 1987 at the Marc Plaza Hotel, Milwaukee, WI, at 12:35 p.m.

The reading of the minutes for the 1986 Annual Meeting was dispensed with. The minutes were approved as written. Vickie Schluge moved to approve the minutes. The motion was seconded by Midge Wos and was unanimously passed.

Janice Curnes reported that as of April 28, 1987, WHSLA had a balance of \$5234.52.

Committee Reports and Board Decisions

1987 Program Committee
A \$200-\$300 profit was realized from the annual WHSLA Meeting.

1988 Program Committee
The 1988 meeting will be called "Meeting the Challenge of Change." It will be cosponsored by Minnesota Health Science Libraries.

Continuing Education Committee
Vickie Schluge called for ideas for future CE Courses. The CE chair will remain on the Committee for one more year, as a member, for continuity.

Legislative Committee
Mary Blackwelder thanked committee members for their work. A brief report of last year's activities was given.

Membership Committee
Jan Curnes reported that WHSLA currently has 148 paid members, 28 more than last year. The committee recommended that next year the membership list and mailing labels be computerized.

Planning Committee
Susan Anderson reported that the guideline revision has been completed. The board has until May 30 to suggest changes. If approved by the board, the guidelines will go into effect June 1, 1987.

Nominating Committee
Phyllis Goetz reported that there were 2 candidates for president-elect and 15 candidates for representatives.

Election Committee
June Regis reported that 115 ballots were mailed on March 12, 1987. 76 ballots were received by April 3, 1987. Results were as follows:
President-Elect: Cynthia Reinl
Representatives: Kay Ciapl
Pat Craven
Shirley Gronholm
Robert Koehler
Jim Markiewicz

Online Users
Shirley Gronholm reported that there were 20 registrants for the 1986-7 ETN programs. 17 were WHSLA members. Programs planned for 1987-8 include a Medline Update, Neoplasia, and telecommunications classes. WHSLA will continue to subsidize ETN registrations for members.

Bylaws
Peg Allen reported that the bylaws and the new bylaws were sent out with the WHSLA Directory.

Old Business
1. Tax exempt Status
We will continue with our current status and our inquiry will be terminated.
2. Next year's newsletter will have 10 issues. The May-June issues will be combined. The board approved the proposed budget.
3. Larry Nix is the new DLS representative to WHSLA.

New Business
1. 1989 Annual Meeting will be hosted by Madison.
2. Linda Oddan presented next year's budget. A dues increase is likely in the future, since dues do not cover annual expenses.
3. Linda Oddan will continue as acting president and Janice Curnes will continue as treasurer until Jackie Glick returns from Israel in July 1987.
4. MC/MLA meeting will be held October 29-31 in Cleveland.
5. The President's Report will be printed in the newsletter.

Announcements
Upcoming Courses:
Nursing Resources, Peg Allen, Green Bay, June 12.
Medline Basics, Advanced and Refresher Courses coming soon to MCW.
St. Lukes - Milwaukee, NLM Update, October 16.

Drawing
A drawing for door prizes was held. 13 winners received prizes.

The meeting was adjourned at 1 p.m.

Carolyn Barloga, Secretary
St. Mary's Hospital, Milwaukee

MINUTES OF THE APRIL 1987 WHSLA BOARD MEETING

April 29, 1987
Milwaukee, Wisconsin

Present: Vickie Schluge, Margaret Allen, Robert Koehler, Mary Blackwelder, Linda Oddan, Patrick Brennan, Kay Ciapl, Barbara Schmeichen, Jim Markiewicz, Cynthia Reinl, Mary Bayorgen, Shirley Gronhola, Margaret DeBruine, Janice Curnes, Susan Anderson, Pat Craven, Deb Nordgren, Bill Nielsen.

The meeting was called to order by President Linda Oddan on Wednesday, April 29, 1987 at 3:07 p.m. at the Marc Plaza Hotel, Milwaukee, Wisconsin.

The reading of the minutes from the October 3, 1986 WHSLA Executive Committee Meeting was dispensed with. The minutes were approved as printed.

Jan Curnes, Treasurer reported that WHSLA has a balance of \$5234.52 as of April 28, 1987.

Committee Reports

1988 WHSLA Annual Meeting Committee

Margaret DeBruine reported that the Minnesota Health Science Libraries group will cosponsor the annual meeting. They will be responsible for advertising and exhibits. Herb White has consented to be the keynote speaker. A Medline Refresher and Online Access to UW Health Sciences Library Catalog were discussed as possible CE Courses. A new feature of the meeting will be invited papers. These will be 15 minute presentations of new things in individual libraries. Margaret DeBruine will complete arrangements before moving to New York. Travel expenses for Margaret DeBruine to attend a meeting in Marshfield to plan the annual meeting was approved. Moved by Mary Bayorgen, seconded by Vickie Schluge, and passed unanimously. Peg Allen will replace Margaret as chair of the Committee. No additional member will be selected. Linda Oddan will be a back up if needed.

Continuing Education

Suggestions for future CE Courses were discussed. These included:

- offering UW Extension Certificate Programs
- advertising courses and meetings in Channel DLS and MLA Publications
- Certificates for course attendance have been created and will be used at the annual meeting
- David King will present a program on the Clinical Decision Making Project on the November ETN.

Committee continuity was discussed. Next Year, guidelines for setting up MLA Courses etc. should be written. Bylaws will be suspended to allow the chair of the CE Committee to remain on the committee for two years, one year as chair and the second year as a member. Moved by Susan Anderson, seconded by Peg Allen, and passed unanimously.

Legislation Committee

Mary Blackwelder reported that Larry Nix, a new liaison on legislative issues from the Division of Library Services will be at the WHSLA meeting on Friday. Mary Bayorgen requested that a letter be sent to Governor Thompson urging reappointment of Mary Kotschi to COLAND. Mary Blackwelder will do this.

Membership Committee

Jan Curnes reported that there are currently 148 paid members. This is an additional 28 since the last WHSLA meeting. Jan recommended that next year's committee computerize the membership directory and mailing labels. Jan will stay on the Committee as a member for one year to aid continuity.

Planning and Guidelines

Susan Anderson reported for Jackie Glick who was in Israel. Jackie sent written remarks in the Committee report. Revised guidelines were given to the Board. If no revisions are suggested before June 1, guidelines will be adopted as printed. Members should contact Susan Anderson or Linda Oddan with suggested changes. Sample forms and a table of contents will be added to the final form of the guidelines.

Nominating Committee

Linda Oddan reported for Phyllis Goetz. It was difficult to find candidates. The Planning Committee was charged with the task of investigating merging

WHSLA and CWHSLN. Susan Anderson proposed that a maximum number of candidates be added to the guidelines. Nine to twelve representatives-at-large and one to three area representatives should be added to the guidelines.

Election Committee

Susan Anderson reported for June Regis. Results of mail ballots were announced.

President-Elect

- Cynthia Reinl
- Area Representatives
- Kay Ciapl
- Pat Craven
- Shirley Gronhola
- Robert Koehler
- Jim Markiewicz

A revision of guidelines was proposed so that in the event of a tie, names will be drawn. In the future, a biographical information sheet will be sent out by the Election Committee.

Online Users Committee

Shirley Gronhola reported that there are 20 registrants for 1986-7 programs, 17 of the 20 were WHSLA members. The 1987-B courses will be an NLM update by Helen Ann Brown, a condensed Neoplasia class by Helen Ann Brown, and a class on telecommunications. A Directory of Consultants for Online Users was published in the April WHSLA newsletter. The board voted to continue the \$13.00 subsidy per WHSLA member for ETN registrants. Moved by Deb Nordgren, seconded by Mary Blackwelder, and passed unanimously.

Old Business

1. Tax exempt status
WHSLA is considered to be a "business league" and we must pay sales tax. This has been a long term issue. It is finally put to rest.

2. Newsletter

There will be 10 issues again next year. The May-June 1987 issues will be combined. The proposed budget was approved. Moved by Carolyn Barloga, seconded by Susan Anderson, and passed unanimously.

New Business

1. 1989 Annual Meeting
Linda asked Madison to host. Robert Koehler and Jim Markiewicz will start working on it.

2. Acting President

Linda Oddan will continue as acting president until Jackie Glick returns from Israel in July. Moved by Mary Blackwelder, seconded by Susan Anderson, and passed unanimously.

3. Annual Budget Proposal

The following changes were made to the report:
+ \$160 (not \$200) WHSLA Annual Meeting

- \$100 (more newsletter expenses)

Total should be \$1625.00

4. CWHSLN

Barb Schmeichen reported on the Council meeting. Barb also raised concerns regarding the MLA Strategic Planning Report:

- how will the plan be voted on by the membership?
- report lacks references to "libraries", and "librarians"
- report is complex and unclear
- could be implemented without such member input since it does not require a bylaws change to accept the report
- too little time for reaction from members was given

5. President's Report

The report will be printed in the newsletter.

Announcements

Fox Valley - Nursing Resources Course
A course on Nursing Resources will be taught by Peg Allen for the Fox Valley Consortium on June 12, 1987, in Green Bay.

The meeting was adjourned at 7:15 p.m.

Carolyn Barloga, Secretary
St. Mary's Hospital, Milwaukee

WISCONSIN INTERLIBRARY LOAN STUDY ADVISORY COMMITTEE

Mary Bayorgeon, Director of Library Services at St. Elizabeth Hospital Health Science Library, Appleton, was recently appointed by Herbert Grove, State Superintendent of Public Instruction, to serve on the Wisconsin Interlibrary Loan Study Advisory Committee.

The purpose of the interloan study is to review statewide interlibrary loan patterns, guidelines, and costs, and the role of the various participants in the interlibrary loan network in the light of current and future statewide and areawide automation activities and other developments and to make recommendations for improvements. The study will be conducted by a consultant hired by the Division for Library Services.

The major responsibility of the Study Advisory Committee will be the determination of specific issues and questions to be addressed by the study. These issues were discussed at the first meeting of the Committee held in Madison on May 20, 1987. The results of the discussion and the individual ranking of the identified issues have not been compiled and made available at this time. The Committee has also been asked to review the request for proposal, determine a procedure to evaluate the responses to the request for proposal, and select the consulting firm. The Committee will be responsible for monitoring the progress of the study and determining the means for disseminating the final report.

The chair of the Committee is Jan Coombs, President of the Marshfield Public Library Board of Trustees. Carolyn Folke is the Division for Library Services staff liaison to the Committee.

Please feel free to write or call Mary at (414) 738-2325 with any concerns you might have regarding Committee activities. The Committee will meet again on July 9th.

DOCLINE ISSUES

News

NLM has announced that they will be accepting revisions for Region 03 Docline routing tables from August through October 1987. If you have discovered a need to change the routing table from that which you originally submitted when your Docline application was first processed, you should contact Kim Goldman, the Docline Coordinator at GMRMLN in Chicago.

If you are not currently participating in Docline, but wish to, you must first have your serials holdings listed in Serhold. One of the ways to be in Serhold is to submit your holdings to the Louisville list (see the May/June Newsletter for deadline information). You will not be able to be a participating Docline library until 1988. If you have already submitted your holdings, and have not yet been activated on Docline, you should have received a packet of information from Kim Goldman in June. If you have not yet received this, contact Kim at (312) 996-2464. Wisconsin Basic Health Sciences Libraries which are new Docline participants should be activated by Fall 1987.

University of Wisconsin Collection via Docline
Recently it was discovered that the unique journal titles in the Weston Clinical Sciences Center Library of the University of Wisconsin (WIW on the GMRMLN serials fiche) were not being read by Docline. Therefore, some requests which could have been filled by Medical Library Service were never even received. We have corrected this problem by activating the Weston Library as a new Docline participating library. Therefore, after July, you will see a slight change in the name and address information which appears on your Docline request forms. The Center for Health Sciences Library, as some of you may know, is made up of two parts -- one is Middleton Health Sciences Library (where Medical Library Service is physically located) and the other is Weston Clinical Sciences Center Library. Both libraries are under one administration, both are accessed through Medical Library Service, and both make up the collection at the University of Wisconsin. Depending upon which of the two libraries carries the journal title, Docline will now be routing some of your requests to WIS (Middleton) and other requests to WIW (Weston). Previously, all requests were routed to WIS. Medical Library Service will still be handling the requests the same as before.

A second discovery involved the placement of WIS (Middleton) and WIW (Medical College of Wisconsin) in the routing tables. The tables have now been corrected for libraries which had placed WIS and WIW in the same cell. Requests will now clear both Wisconsin Resource Libraries prior to being routed out of state. In addition, WIW (Weston) is now paired with WIS in everyone's tables so that all libraries will be accessing the full University of Wisconsin collection.

These changes were made independently of any possible cell changes which can be made by and individual library during the August-October revision period. However, you will not need to submit cell changes to Kim Goldman if the only change you needed to make involved the placement of WIS and WIW in different cells.

If you have any questions and/or problems with the cell changes, please contact Michele Jacques, Middleton Health Sciences Library, (608) 262-6583.

Docline Printer Problems?

Some Docline users have reported garbled printing on received requests. A possible cause of this could be that the printer you are using does not have a large enough buffer so that requests are being sent faster than the printer can actually receive them. There is a way to temporarily stop the transmission of the requests, allow the printer to catch up, and then re-start the printing without Docline even realizing that you have slowed it down, (in other words, you don't have to reprint request, logoff, or do any extraordinary things). Please call Pam Luebke at Medical Library Service if you wish to know more about this easy process. Pam's number is (608) 262-6362. We have found that this has saved us a great deal of time when printing our Docline requests.

-Michele Jacques
Interlibrary Loan Librarian
Middleton Health Sciences Library

LIBRARIAN OPENING AT HOWARD YOUNG MEDICAL CENTER

The Howard Young Medical Center seeks a librarian to manage its health science library. Responsibilities include: acquisitions, cataloging, reference including online searching (primarily MEDLINE), interlibrary loan circulation, user education, and library promotion. Supervise two to three volunteers. Qualifications: MLS from an ALA-accredited school. Professional library experience; medical database searching experience. Highly desirable: MLA certification, microcomputer experience. Salary and benefits competitive. Position available September 1, 1987. The Howard Young Medical Center is part of a rural regional health care system. Send letter and resume by August 15, 1987 to: Personnel Department, The Howard Young Medical Center, P. O. Box 470, Woodruff, WI, 5456

CHHSLN ILL BILLING COMMITTEE REPORT

Charge:

The Committee shall determine in an appropriate manner the needs of the basic units and recommend a standard format for an ILL bill and a standard time frame for billing, e. g. bill with the article rather than at some later time.

Determination:

The primary need of the basic unit libraries was to know the cost of the ILL provided at the time the article was received. Further, some institutions preferred to be billed monthly or quarterly rather than for each individual ILL. There was a variance in organizational preference regarding the time frame for billing.

Recommendation:

A copy of the DOCLINE request or the ILL form should be attached to each article with the cost noted, followed by a statement as:

- 1) INVOICE INCLUDED or
- 2) INVOICE WILL FOLLOW

When the "INVOICE WILL FOLLOW" option is selected, the invoice should include the date furnished and the loan information, i.e. journal, year, volume, pagination, and patron name. A more expedient method is to attach a copy of the original request if postage is not a factor.

Billing on a quarterly basis should be instituted if approved by the individual institution. This would eliminate a monthly bill of only \$2.50 or less in some cases.

Comments:

These recommendations will meet the primary need of the basic unit libraries and will allow for the variance within the institutional billing preferences.

-Midge Hos, Chairperson
CWHSLN Ill Billing Committee

This report was accepted for publication at the May 1, 1987 Council meeting in Milwaukee.

BOOK REVIEW

Melin, Nancy Jean. Essential guide to the library IBM PC. Volume 1. The hardware: set-up and expansion. Westport, CT: Meckler Publishing, 275 p.

This book is the first in a series of eight published by Meckler. Bearing different authors the remaining volumes cover: the operating system; PC DOS; library application software; data communications; buying and installing generic software; spreadsheets; database management systems; and optical disk/CD-ROM.

This book goes hand-in-hand with the recent presentation I made in Milwaukee (WHSLA Annual Meeting) on microcomputers although I didn't have the book before I made the speech! The basics are covered in detail and plain language. The book is full of pictures and illustrations to guide in identification and set-up of hardware.

Melin provides interesting history on microcomputers. In particular she focuses on IBM and the IBM PC and the development of PC DOS (personal computer disk operating system.) The first two chapters covers compatibility, library applications for the IBM PC (including the OCLC library "workstation"), laser-based products for the PC and IBM microcomputers future.

The third chapter explores the PC and discusses set-up, environment and manuals. Melin starts with "opening up the boxes" and fully explains each component including: disk drives; power supply regulator; central processing unit (CPU); expansion slots; memory; keyboard (including function keys); and other peripherals. Each section is pictorially well-supported.

Chapter four provides an introduction to DOS and basic DOS memory and storage expansion including multifunction card, hard disks, Bernoulli boxes, and back up systems. The next chapter covers input devices such as keyboards, pointers and optical character readers. Melin also talks briefly about templates in this chapter. Following naturally, chapter seven covers monitors and printers. Of particular interest in this chapter is the description of printer buffers, spoolers and speed.

Chapter eight covers modems, local area networks (LANs) and mainframe connections. While the modem information was useful, not enough information was given on LANs and the mainframe connection section wasn't as clear as it might have been. Melin talks about networking programs such as Faxon's LINX and Data Phase's ALIS network.

The last section covers micro care and maintenance. Topics include: anti-static mats; power protection, security; hardware protection; transportation of hardware; supplies; and sources of help.

A useful reference section follows with a guide to basic and useful commands of PC-DOS written by Karl Beiser from Maine (who also spoke at the recent WHSLA meeting). A detailed guide to users groups, a glossary and an index complete this useful book.

Melin truly has given us a step-by-step introductory handbook to microcomputers. This book should be all a novice needs to learn about the components, gain useful purchasing knowledge, procure and set-up the system and install basic DOS commands to get the system up and going. I would highly recommend this book for librarians in a one-person setting or operating alone in preparing for a microcomputer system.

-Kay Cimpl, Director
Library Services
Gunderson/Lutheran Medical Center

EDITOR'S NOTES

1) Due to my vacation schedule I am moving the deadline for material up to the first Monday in August which would be the 3rd of August.

2) The August Newsletter will include Continuing Education material for 1987-88. If your consortium or institution is sponsoring health sciences library continuing education programs please send the information for inclusion in the Newsletter.

3) For those of you who have had a busy summer and have been unable to get your application in for the Consultants Registry you may still apply. Please get your material in by August 1.

4) Those of you who write manuscript for the Newsletter and use a computer, please remember to create 54 character columns--12 characters to the inch.

- Barbara Schmiechen, Editor

This Newsletter is published for the health sciences libraries of Wisconsin at the Center for Health Sciences Libraries, UW-Madison, 1305 Linden Drive, Madison, WI 53706. It is supported in part by the Wisconsin Health Sciences Library Association.

JOURNAL FORMAT

Any listing of journals for the Journal Exchange should be typed on 8 1/2" X 11" white paper using 1/2 inch margins. The columns should be typed no wider than 3 inches. This allows for cutting, pasting, reduction and paper savings.
