### FROM THE PRESIDENT

On my behalf (and WHSLA's), I would like to express my gratitude to Barb Schmiechen for all the years that she has spent writing and disseminating the WHSLA Newsletter. She did an excellent job keeping us informed of WHSLA and other health science library matters. I would also like to thank her for all of her valuable contributions that she has made on committees, annual meeting programs, etc. Barb has truly been an asset to WHSLA. Thank you Barb!

I would also like to introduce Michele Jacques as the new WHSLA Newsletter editor. Welcome Michele!

Cynthia Reinl  
WHSLA President

### PEOPLE

The UW Center for Health Sciences Libraries, both Middleton and Weston, has experienced quite a few staff changes in January and February.

## EDITOR'S NOTE

Well, as you have probably noticed, the Newsletter looks a little different this month. I'll be very interested in hearing from you on any comments or suggestions for improvements. For example, are there additions to the Newsletter which you would like to see on a regular basis? Are the lists of available Audiovisuals from Middleton Library helpful? Do you use the Journal Exchange Listing frequently enough to continue printing it?

A word about the deadline for materials sent for the Newsletter: In the past, the usual deadline has been the first Wednesday of the month. I am changing that slightly in order to have the newsletters arrive earlier in the month. The NEW deadlines will be the 15th of the preceeding month. March 15th will be the deadline for the April Newsletter, and April 15th will be the deadline for the May/June combined issue, etc. Because of this change, this issue became the February/March combined issue in order not to "lose" an issue. (The next Newsletter you receive will be the April issue and should arrive at the end of March.) Please send information to me at: Clinical Sciences Center, Weston Library, J5/120, 600 Highland Avenue, Madison, WI 53792. (800)362-3020, ext.39087 or (608)263-9087.

I would like to thank Barb Schmiechen for her valued help and advice when she turned over the Newsletter and State Coordinator information to me. I echo Cynthia Reinl's comments in her message on the front page. Finally, many of you knew me as the Interlibrary Loan Librarian at CHS Libraries. I will miss that position, but know that I will maintain the statewide contact which I have enjoyed with the health sciences libraries through the new responsibilities which I have accepted.

Michele Jacques  
Editor
